Welcome to my portfolio.

Please allow the page to fully load before scrolling.

I am a Graphic, Web Designer and Illustrator living in New York City.

I'm always on the lookout for projects small or large. So please **contact** me if you need my services!

As a Website Designer, I adapt code to create elegantly designed CSS and XHTML, with or without the assistance of Dreamweaver!

Please check out my **portfolio** to get a better idea of my work, just click on the framed images.
